Mountain Bike Trail Signs

Easiest - Gentle climbs and descents, with obstacles such as rocks, gravel, bridges, and pot holes. Must have ridden a bike before using these trails

Intermediate: More Difficult - Challenging riding with steep slopes and/or obstacles, possibly on narrow trail or elevated skills park with poor traction. Requires off road riding experience

Advanced: Most Difficult - These trails and skills center have a mixture of long steep descents, loose trail surfaces, numerous natural and manmade obstacles. Including: jumps, ramps, elevated features, burms, drops, rocks, and other terrain variations.

Experts Only: Extreme Difficulty - Without exception, expert mountain bikers should be the only riders on these trails and in these skills centers. Some of the elements you will encounter include: large manmade and natural jumps, wood ramps, elevated narrow trails, burms, drops, rock faces, and other terrain variations
